

WELCOME INFORMATION

St Johnstone Football Club has a long and proven track record in youth development and the aim of everyone who has a stake in the clubs Youth Academy is mutual – the identification and development of young football players for the benefit of both the player, his family, and St Johnstone Football Club.

The club earnestly hopes that as well as developing on-field skills that it can also play a part in the general character development of young people through good leadership, the teaching of life skills and positive coaching.

However, against this backdrop, there is one overriding aim – to ensure that every child and young person who becomes involved with the club does so knowing that they are safe from harm, exploitation, and abuse in whatever form these dangers may present themselves.

Equally important is that parents and guardians know that they can entrust their children to us in the full knowledge that safeguards are in place to protect their loved ones from the same dangers.

St Johnstone Football Club's Child Wellbeing and Protection Policy is the key document in enabling us to reach our collective goals in terms of child safeguarding and the Club has in place to ensure that the employees and any other staff involved in the development of our young talent carry out their roles using the criteria and philosophy therein.

Stan Harris
CEO
St Johnstone Football Club

It is important that parents, guardians, and players make themselves aware of the following information

Child Wellbeing and Protection Policy

[Microsoft Word - St Johnstone Child Protection Policy \[15\].docx \(perthstjohnstonefc.co.uk\)](#)

Child Wellbeing and Protection Officer - Dave Graham,
safeguarder@perthsaints.co.uk
